Les Cigales

IGP Pays d'Hérault

100% Vermentino

12.5% Vol.

Tasting

Vermentino grapes, mostly used in Italy, produce elegant yet fresh wines. It works perfectly with the Domaine de Moulines' terroir, the soils being prone to giving lemon and pineapple aromas.

Vinification

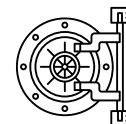

Les Cigales Blanc is vinified traditionally :
After the mechanical harvest on optimally ripe grapes, the destemming process is done before pressing the harvest. Then, the must is cooled and settled. The limpid juice is then extracted and the lees are filtered.

Food and Wine

Slightly acidic and widely aromatic, this wine can go with grilled fish or seafood.
